

We wish to protest your proposed expansion of LPRM stations specific to KLOVE/FM. We reside in El Paso, Texas and KLOVE has been a very helpful, community-based and family-friendly radio station. Should you displace KLOVE with an LPFM broadcaster, thousands of local residents who are law-abiding, taxpaying, civic-minded and patriotic individuals would be impacted.

This radio station - KLOVE - provides an essential, critical service to not only this community here in West Texas but across the United States.

It is difficult to listen to the radio without being bombarded by vulgar, violent, sexist and racist commentaries on regular radio stations. It has become the norm rather than the anomaly.

We protest this loudly and with strong conviction.

KLOVE gives us a reprieve from this bombardment.

May God Bless you and guide you in your decision.

Nathan and Sindi Boone
